Church of San Pedro Apóstol in Berrueces

Pilgrim Way of Saint James to Santiago

This is one of the main stretches of the pilgrim way.

The stretch through Tierra de Campos goes through Berrueces (landmarks: Church of San Pedro Apóstol, the hermitage of Virgen de Pedrosa and the pigeon-houses in the surrounding area); Moral de la Reina (the church of Santa María, tower and ruins of the

church of San Juan); Cuenca de Campos (the church of Santa María del Castillo–Museum of Religious Art, the church of Santos Justo y Pastor–Parish Museum, Monastery of the Claras and Hermitage of San Bernardino); Villalón de Campos (the stone Column, church of San Miguel, church of San Juan Bautista, hermitage dedicated to Our Lady of Fountains); Fontihoyuelo (church

of San Salvador); Santervás de Campos, birthplace of the Conquistador Ponce de León (church of the martyrs Gervasio and San Protasio); and finally Melgar de Arriba (church of San Miguel and the church of Santiago).

There is an alternative route by accessing Cuenca de Campos directly from Medina de Rioseco through Tamariz de Campos.
